<b>Qualification Level :</b>	First Cycle
<b>Programme Objectives; Profile:</b>	<p><b>Programme Objectives</b> The Bachelor's Degree in Computer Engineering aims at forming professionals with the training background required to manage and perform tasks in all stages of the life cycle of systems, applications and products, solving problems in any field of the Information and Communication Technologies, applying their scientific knowledge and the computer engineering methods and techniques. These professionals are trained in order to adapt to future changes in these technologies</p> <p><b>Profile</b> The degree follows the recommendations of the General Secretariat for Universities for the degree in Technical Computer Engineering (8 June 2009). Graduates in Computer Engineering will specialize in one of the four sub-disciplines offered: Software Engineering, Information Systems, Information Technology, and Computer Engineering</p>
<b>Programme Duration</b> (Semesters; in case of "terms" of different length, indicate them and the equivalent in semesters)	8 semesters (4 years)
<b>Total Number of ECTS Credits Awarded:</b>	240 ECTS
<b>Brief Description of the Programme:</b>	The Bachelor's degree programme is structured as follows: basic training (30%, 72 ECTS), training for the computer science area (40%, 96 ECTS), specific technology – sub-disciplines (20%, 48 ECTS), external work placement and final project (7.5%, 18 ECTS), optional (2.5%, 6 ECTS).

<p><b>Examples of Very Good Practice:</b></p>	<ul style="list-style-type: none"> <li>- On this degree, the master's thesis and the external work placement are integrated into a single subject. Thus, students research and write most of the master's thesis in a company, where they undertake a 300-hour compulsory work placement. The work carried out by students is therefore of a professional nature.</li> <li>- Academic staff with wide experience and excellent teaching and research quality (86% of them have a PhD, 15 years' teaching experience/lecturer and 9 years' research experience/lecturer).</li> <li>- Excellent pre-university guidance, university guidance and supervision, and employability programmes.</li> </ul>
